Your membership and support to our Group is truly valued. With an ever increasing archive, we are working to store, catalogue and preserve all the papers and photographs we have of this remarkable village and its history.

As a member you will be kept informed throughout the year of all meetings and events, and as a thank you for your support your membership gives you the benefit of having no charges for admissions to any meeting throughout the year. Please therefore remember to bring your Membership Card with you on those evenings.
